

**10<sup>th</sup> Congress of the European Academy of Paediatric Dentistry  
Jointly with the British Society of Paediatric Dentistry  
Harrogate International Centre  
Thursday 3<sup>rd</sup> – Sunday 6th June 2010**

Thursday 3 <sup>rd</sup> June 2010		
Time	<b>Post Graduate Study Day - Queen's Suite</b> <b>DON'T SHOOT THE MESSENGER – COMMUNICATION SKILLS AND INTERDISCIPLINARY WORKING IN PAEDIATRIC DENTISTRY</b> <b>Pre-Congress Symposium – Queens Suite 1</b>	<i>Supported by GlaxoSmithKline</i> <b>TOOTH SURFACE LOSS AND ITS RESTORATION IN CHILDREN AND ADOLESCENTS</b> <b>Main Auditorium</b>
09:00 – 10:00	<b>Delegate Registration</b>	Delegate Registration
10:00 – 10:30	<b>Communicating with colleagues, an introduction and why it goes wrong</b> David Pitts	
10:30 – 11:45	<b>The medical – “a heart to heart”</b> Stephen Fayle John Gibbs	
	Coffee break*	
12:00 – 13:15	<b>The social – “when is caries neglect”?</b> Richard Balmer Ruth Skelton	
	Lunch*	
14:00 – 14:30	<b>The dental – “tears, trauma and transplants”</b> Peter Day James Spencer	<b>Welcome and introduction</b> <b>Diagnosis and the science of erosion</b> Prof Monty Duggal
14:30 – 15:15		<b>Solving the mystery of tooth surface loss, role of non dietary factors such as GORD and its management</b> Dr Martha-Ann Keels
	Coffee break	Coffee break
15:30 – 16:00	<b>Assessing (and improving) communication skills</b> David Pitts	<b>“A risky situation” - The aetiology and prevention of dental erosion</b> Prof David Bartlett
16:00 – 16:30		<b>Restorative aspects. Adhesion to enamel and dentin in primary and permanent teeth</b> Prof Dr Roland Frankenberger
16:30 – 17:00		Plenary Discussion
18:15 – 19:30	Civic Reception, Royal Hall, Harrogate International Centre	

\* For all attendees of the Post Graduate Study Day, please note that morning and afternoon tea/coffee will be supplied, but delegates are requested to make their own arrangements for lunch. A café is available outside the King's Suite.

**Friday 4<sup>th</sup> June 2010**

08:30 – 09:15	<b>OPENING SESSION</b> – EAPD President and (name to be advised)			
09:15 – 10:00	<b>KEYNOTE SCIENTIFIC LECTURE</b> <b>Tooth morphogenesis: from embryonic development to postnatal tooth regeneration</b> , Prof Paul Sharpe			
	Coffee break, exhibition and poster viewing – Hall Q			
10:30 – 11:15	<b>The Procter &amp; Gamble Symposium</b> <b>SYMPOSIUM 1 - QUALITY OF LIFE THROUGH HIGH QUALITY CARE OF CHILDREN</b> <b>Quality of life of children with cerebral palsy</b> , Prof Allan Colver			
11:15 – 12:00	<b>Elective treatment of carious primary teeth – is it worth it?</b> Dr Stephen Fayle			
12:00 – 12:30	<b>Plenary Discussion</b> Session Chair: Dr Nick Lygidakis			
12:30 – 14:00	Lunch, exhibition and poster viewing – Hall Q			
14:00 – 15:00	<b>ORAL PRESENTATION – MEDICALLY COMPROMISED / SYNDROMES / ORAL MEDICINE / ORAL PATHOLOGY</b> Queen's Suite 1	<b>ORAL PRESENTATION - CARIOLOGY / PREVENTION / SEALANTS / FLUORIDE</b> Queen's Suite 2	<b>ORAL PRESENTATION - DENTAL ANOMALIES / GROWTH AND DEVELOPMENT / INTERCEPTIVE ORTHODONTICS</b> Queen's Suite 3	<b>ORAL PRESENTATION - DENTAL ANXIETY / SEDATION</b> Queen's Suite 4
	<p><b>O01</b> <i>Correlation of salivary and blood glucose levels in children with Type I diabetics</i> K Ananth</p> <p><b>O02</b> <i>Dental caries in 17-yr-old adolescents with ADHD</i> Dr M Blomqvist</p> <p><b>O03</b> <i>The treatability of mentally disabled children in their own environment</i> Miss S Acar</p> <p><b>O04</b> <i>Dental treatment of children under general anaesthesia combined with medical interventions in the same session – a 25 years retrospective study</i> Dr J Norderyd</p> <p><b>O05</b> <i>Informed consent and patients with disabilities – a grounded theory study on dentists' perspectives</i> Dr G Klingberg</p> <p><b>O05A</b> <i>Combined effect of NaF and amoxicillin on enamel formation of cultured mouse molars</i> Dr S Sahlberg</p>	<p><b>O06</b> <i>Application of clear pit and fissure sealants in permanent molars can increase laser fluorescence: a two year follow-up study</i> Dr R Kosem</p> <p><b>O07</b> <i>Sealing of manifest occlusal caries in the young permanent dentition – 2 years results</i> Dr KD Møller</p> <p><b>O08</b> <i>Fluoride: are we following the national guidelines?</i> Dr L R Williams</p> <p><b>O09</b> <i>Alimentary fluoride intake in children aged 4-5 years</i> Dr R Ivancakova</p> <p><b>O10</b> <i>Radiographic assessment of 3-5 year old patients attending for out-patient general anaesthetic exodontia at Leeds Dental Institute</i> Dr F A Soldani</p> <p><b>O11</b> <i>Combined validity of DIAGNOdent® and visual examination in primary molars occlusal caries detection, in vitro</i> Dr K Kavvadia</p>	<p><b>O12</b> <i>Etiology of MIH – medication and diseases during childhood</i> Dr T G Fagrell</p> <p><b>O13</b> <i>Aetiology of Molar Incisor Hypomineralization (MIH) in relation to patient's general medical practitioner's(GMP) medical records</i> Dr A Omer</p> <p><b>O14</b> <i>Can deciduous molar hypomineralisation predict molar incisor hypomineralisation?</i> Dr M E C Elfrink</p> <p><b>O15</b> <i>Molar Incisor Hypomineralisation and Developmental Defects of Enamel in Canines and Premolars</i> Dr M J Koch</p> <p><b>O16</b> <i>Treatment outcomes and dental anxiety in 18 year-olds with first molars diagnosed as severely affected of MIH, comparisons with healthy controls</i> Dr B Jälevik</p>	<p><b>O17</b> <i>Computer-assisted osteocentral (trans-septal) anaesthesia and MIH teeth in children and adolescents</i> Prof J L Sixou</p> <p><b>O18</b> <i>The effect of viewing video clips of Paediatric dental procedures on the confidence of undergraduate dental students</i> Dr A M Alkazme</p> <p><b>O19</b> <i>A Post-operative pain after dental extractions under general anaesthesia</i> Dr B Jensen</p> <p><b>O20</b> <i>Follow-up procedures offered to children receiving dental treatments under general anaesthesia</i> DDS M Bagger</p> <p><b>O20A</b> <i>Parental satisfaction with provision of specialist care for their child's dento-alveolar trauma</i> Prof H D Rodd</p>
	Lunch, exhibition and poster viewing – Hall Q			
15:15 – 17:30	<b>SYMPOSIUM 2 - GENETIC DEFECTS OF TOOTH DEVELOPMENT</b> <b>Genetics, diagnosis and management of hereditary dental disorders</b> - Prof Tim Wright <b>Treatment approach in cases of genetic dental defects</b> - Dr Nick Lygidakis <b>An eye for an eye, a tooth for a tooth</b> - Dr Alan Mighell			
17:30 – 18:30	<b>EAPD General Assembly</b> (open to EAPD members only)			
	20 <sup>th</sup> Birthday Party, Ripley Castle – Coaches leave HIC (time to be confirmed)			

**Saturday 5th June 2010**

08:30 – 09:15	<p><b>Supported by Philips</b> KEYNOTE SCIENTIFIC LECTURE <b>Aggressive periodontitis in children and adolescents. The old, the new and the future - Dr Dorte Haubek</b></p>				
09:15 – 10:30	<p align="center"><b>ORAL PRESENTATIONS - MEDICALLY COMPROMISED / SYNDROMES / ORAL MEDICINE / ORAL PATHOLOGY</b> Queen's Suite 2</p>	<p align="center"><b>ORAL PRESENTATIONS - ENDODONTICS / OPERATIVE DENTISTRY / DENTAL MATERIALS</b> Queen's Suite 3</p>	<p align="center"><b>ORAL PRESENTATIONS - CARIOLOGY / PREVENTION / SEALANTS / FLUORIDE</b> Queen's Suite 4</p>	<p align="center"><b>ORAL POSTER DISCUSSIONS</b> <b>DENTAL ANXIETY / SEDATION</b> Queen's Suite 1</p>	<p align="center"><b>ORAL POSTER DISCUSSION - DENTAL ANOMALIES / GROWTH AND DEVELOPMENT / INTERCEPTIVE ORTHODONTICS</b> King's Suite</p>
	<p><b>O21</b> <i>Evaluation of dental health status and feeding habits of children with craniofacial disorders</i> M A Durhan</p> <p><b>O22</b> <i>The molecular aetiology of cleft palate in GSK-3 beta mutant mice</i> Ms W Yakob</p> <p><b>O23</b> <i>The cultivation and characterization of stem cells from human exfoliated deciduous teeth and impacted third molar teeth</i> Prof S Cetiner</p> <p><b>O24</b> <i>Taste perception evaluation in a 100 healthy children enrolled in Brescia Dental Clinic</i> Prof A Majorana</p> <p><b>O25</b> <i>Dental treatment for children with Long QT Syndrome</i> Assoc Prof B K Drummond</p> <p><b>O26</b> <i>The value of cone beam computed tomography in complex paediatric dental cases</i> Mr D J Baldwin</p> <p><b>O26A</b> <i>Dental phenotype in children with Hutchinson-Gilford Progeria syndrome</i> Prof C Tardieu</p>	<p><b>O27</b> <i>A Prospective and comparative study of immature permanent incisors apexification with mineral trioxide aggregate and calcium hydroxide: A six-month preliminary evaluation</i> Dr A Besit-Neveu</p> <p><b>O28</b> <i>Antibacterial efficacy of NaOCL/BiopureMTAD, Diode Laser and NaOCL/EDTA in permanent incisors</i> DDS S Nazli</p> <p><b>O29</b> <i>Assessment of a low-shrinkage silorane-based composite: 1 year randomized clinical trial</i> DDS M Schmidt</p> <p><b>O30</b> <i>Clinical evaluation of a new nano-filled resin-modified glass ionomer and submicron resin composite for posterior restorations in permanent teeth: 1 year follow-up</i> DDS N M Hacinlioglu</p> <p><b>O31</b> <i>Restorations of class II cavities in the primary dentition with compomers: a literature review</i> Prof L A M Marks</p> <p><b>O32</b> <i>Undergraduate experience in paediatric dentistry following the introduction of outreach teaching</i> Miss F Gilchrist</p>	<p><b>O33</b> <i>Effect of glycaemic index (GI) on caries and body mass index (BMI): Analysis of the national diet and nutrition survey young people aged 4 to 18 years</i> Dr R Daly</p> <p><b>O34</b> <i>Effect of fruit yogurt with Bifidobacterium DN-173 010 on salivary lactobacilli in children</i> DDS O Serger</p> <p><b>O35</b> <i>Oral biofilm activity, bacterial culture testing and caries experience in children</i> Dr K B Hallett</p> <p><b>O36</b> <i>The role of a statherin-like peptide in the prevention of erosion</i> Dr J A Davies</p> <p><b>O37</b> <i>An assessment of the protective effect of fluoridated toothpastes on enamel surface loss in vitro</i> Dr F Ali</p> <p><b>O38</b> <i>The effect of a CPP-ACP paste, fluoridated toothpastes and fresh orange juice on enamel surface hardness in vitro</i> Dr S S Kuvvetli</p>	<p><b>OPD01</b> <i>Influence of parental presence on the child's behaviour during dental treatment</i> Dr I C J Cox</p> <p><b>OPD02</b> <i>Child's dental behavior and concomitant child and parental psychological factors in 3-6 yrs of age Iranian children</i> Dr K Salem</p> <p><b>OPD03</b> <i>Effects in dental health and dental coping by monitoring a preschool children group owning a subscription to a private dental practice in Romania compared with a non-monitored group</i> Dr N Statov</p> <p><b>OPD04</b> <i>Assessment of patients from a special dental care service</i> Dr E Dursun</p> <p><b>OPD05</b> <i>A report on use of the Wand STA for dental treatment of children under oral sedation</i> Ms L L Matharu</p> <p><b>OPD06</b> <i>Competence of German dentists in nitrous oxide sedation</i> Dr F G Mathers</p> <p><b>OPD07</b> <i>An audit of the Inhalation Sedation service in the Children's Unit at Liverpool Dental Hospital</i> Miss N J Handley</p> <p><b>OPD08</b> <i>Oral midazolam premedication for children undergoing general anaesthesia for dental care</i> Dr M AlSarheed</p> <p><b>OPD09</b> <i>Case Report : The use of intra-venous midazolam conscious sedation for adolescent patients in paediatric dentistry</i> Dr P Kandiah</p> <p><b>OPD10</b> <i>Retrospective study of dental treatment under general anesthesia in Croatia</i> Prof H Juric</p> <p><b>OPD11</b> <i>An audit of paediatric dental general anaesthetic assessment protocol</i> Miss S M Lucey</p> <p><b>OPD11A</b> <i>Use of the "Hall Technique" for management of carious primary molars among Scottish General Dental Practitioner's</i> Dr A M Cairns</p>	<p><b>OPD12</b> <i>Amoxicillin changes micro- and nano-structure of developing mouse enamel in vitro</i> Dr A Pavlic</p> <p><b>OPD13</b> <i>Acute side effects of prosthetic therapy in permanent teeth in children and adolescents with amelogenesis imperfecta</i> DDS G Pousette Lundgren</p> <p><b>OPD14</b> <i>Prevalence of and associated factors with MIH in Flemish school children (Belgium)</i> Mrs N D'Hondt</p> <p><b>OPD15</b> <i>Tooth and surface-related analysis of Molar-Incisor-Hypomineralisations and caries in 10 year olds from Munich, Germany</i> D Mach</p> <p><b>OPD16</b> <i>Molar Incisor Hypomineralization (MIH).
